

FIG. 1 is a cross-sectional view of a multi-layered structure.

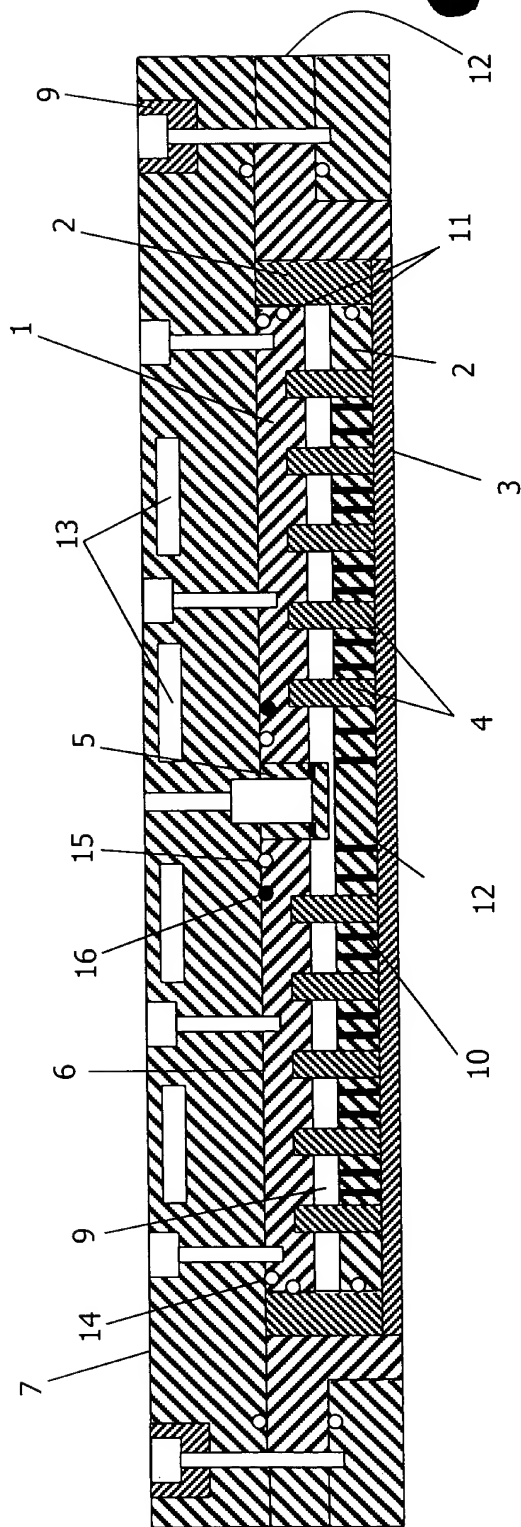

FIG. 1

FIG. 2 is a schematic diagram of a circular array of elements 1, each element 1 being a small circle. The array is arranged in a hexagonal pattern. The elements are connected to a common bus 4. The bus 4 is a line that runs along the perimeter of the array. The elements are numbered 1 through 12.

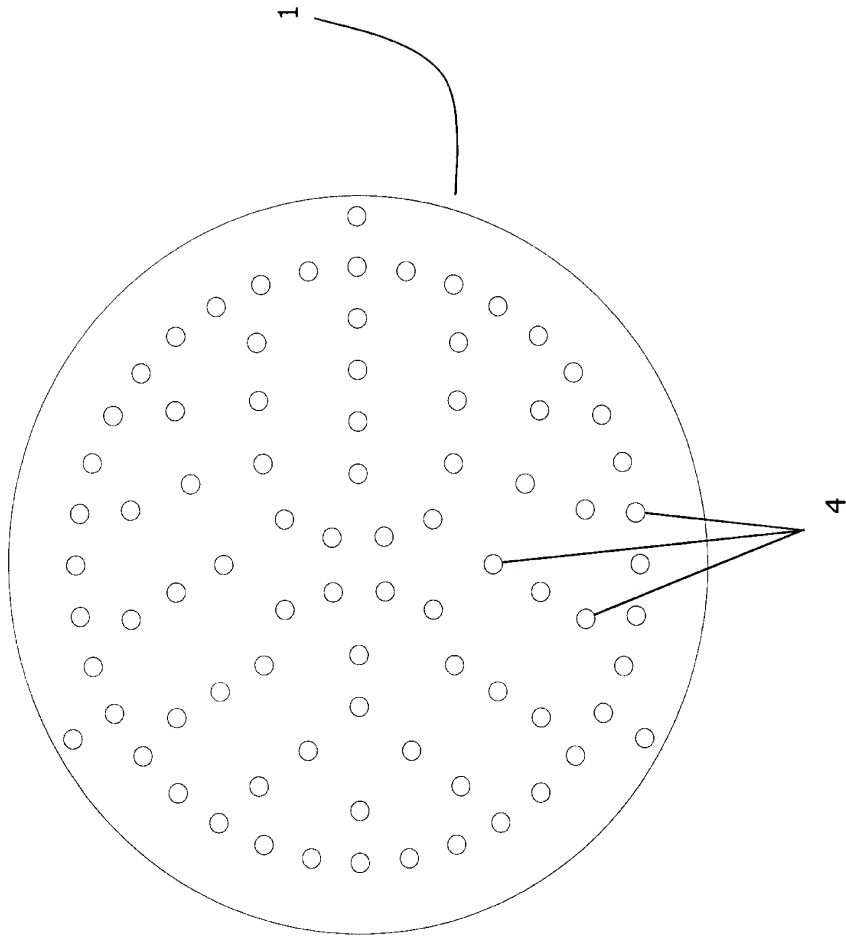

FIG. 2
